MILLER DAHLIA FARM

"The Highest Quality Dahlia Roots Obtainable"

.....

SPRING 1960

MAXINE and LYNN MURRAY, Owners
BOX 27 KINGSTON, WASHINGTON

Dear Dahlia Friends-

Hope your dahlias grew as well as ours did this year. Despite our move to ground not cultivated for years, they took off in a big way. The ground is rolling and we planted them below the road, so you stand at the top and look into a sea of color. That dream of spacing them more didn't develop, where we got all those we just couldn't live without, I'll never know. Almost ran out of ground before had them all in. Did space them about every five rows so people could get through them more.

Our move was mighty hectic, but we made it. Never will get everything put away, but keep trying. Lynn had to put in a power line for irrigation system, build a warehouse before digging time, have a new road bulldozed, and a few dozen other things this summer, besides regular dahlia work. The weeds thrived, but his spraying kept the bugs down. The new irrigation sprinklers work like a charm. The new warehouse is big enough to hold everything and still give us work room. Oh boy, no more running around to find the ones we need next. The warehouse is not finished on the outside, but is insulated inside and it's bulging with dahlias. We've a long way to go before we get the place fixed up like we want it, but if our health holds out we'll make it. In the meantime we love every minute of it. Mountains, woods, fresh air, good dirt, water, room to work, room for expansion, an old-fashioned front porch to sit on between jobs, a pleasant community, good neighbors--what more could we ask for?

Have a good year, good luck.

Lynn and Maxine Murray

Miller Dahlia Farm

NEW INTRODUCTIONS BY TONY DEROOY

We are offering this season this limited number of introductions by one of the Pacific Coast's outstanding dahlia hybridizers, Tony DeRooy. With proper culture these are ribbon winners in any show.

We will look forward with interest to our customer's reaction to this venture.

GIFT CERTIFICATES

Give a gift certificate for dahlias for Christmas, Mother's Day, or birthdays. Specify the amount you wish to spend, or pick out the varieties yourself.

JOIN YOUR LOCAL DAHLIA SOCIETY

Dahlia publications for your enjoyment--

THE PACIFIC DAHLIA
BULLETIN OF THE AMERICAN DAHLIA SOCIETY
CENTRAL STATES DAHLIA BULLETIN

Addresses on request.

CUTFLOWERS

Try this for longer lasting bouquets. Boil the tips of stems for approximately 30 seconds, then place in water of bath temperature. Allow water to cool before removing flowers and arranging in usual cool water. Wrap paper around blooms while in warm water to protect blooms.

DESCRIPTIONS

Following the name of each larger variety here, the classification is first given. Next the key letter (A-B) to give the general size of bloom. Last the general height of bush. T-Tall, M-Medium, S-Short. Key letter following classification-"A" (or large) over 8 inches in diameter. "B" (or medium) 4 to 8 inches in diameter. "M" or miniature, under 4 inches. Special culture will increase the size of blooms, but these are average sizes.

CLASSIFICATIONS

- FD-Formal Decorative. Fully double flowers uniform broad petals either pointed or rounded at tips.
- ID-Informal Decorative. Fully double flower with margins of floral rays slightly or not at all revolute. Generally petals irregularly placed.
- SC-Semi-cactus. As name suggests, petals revolute for less than half length.
- STC-Straight cactus. Petals straight and revolute for half or more.
- IC-Incurved Cactus. Fully double flowers with margins of petals revolute for half or more of length, tips curving toward center.
- BALL-Fully double. Ball-shaped.
- SINGLE-One row of petals with a definite disc in center.
- COL-Collarette. Like a single, but has a tiny row of petaloids around center like a small collar.
- ANEMONE-Open-centered flower, with the tubular disc florets elongated, to form a pincushion. One row of petals around quilled cushion.

MIGNON-Single dahlias, approximately eighteen inches in height.
PEONY-Open-centered flowers with two to five rows of ray florets with or without the addition of small floral rays around disc.
DWARF-Term that applies to plant height without regard to bloom.
ORCHID-Flowers like single dahlias excepting that the rays are more or less tubular by the involution of the margin.

SUGGESTION

Every year we have customers who would rather trust our judgement than their own. They send an order, enclosing the amount they want to spend and give us a general idea of the types they would like. It's fun to fill these, and we're proud of our choice. Always give our own favorites, in generous quantity. It's just a suggestion in case you can't make up your mind about descriptions.

TERMS

Make checks and money orders payable to MILLER DAHLIA FARMS. Cash, stamps and currency accepted only at senders risk. Please put return address on envelopes, you sometimes louse up our address. No C.O.D. orders please. Because of increased postal rates we must charge 25¢ postage for orders under \$5.00. Early shipments will be sent express at your expense to avoid freezing. East of Pacific Coast should not expect regular mail before April 15th.

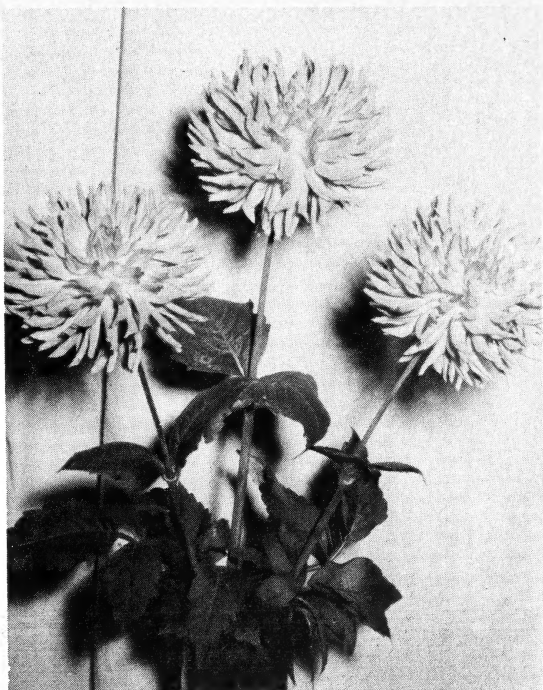

Miller Dahlia Gardens

NEW INTRODUCTIONS FOR 1960

CASCADE KAY (De Rooy)

E-SC-Autumn - A new and beautiful shade of burnt orange, blending to yellow at base of petals. A strong grower with very sturdy stems, all blooms held at the correct angle well above foliage. Good long lasting centers, and stands up well in all weather. Scores 85.4 at the Pac. N.W. Conference Show in Seattle last fall, and 83.5 at the Trial Garden in Tacoma. Size 7" x 5"

Roots only \$5.00

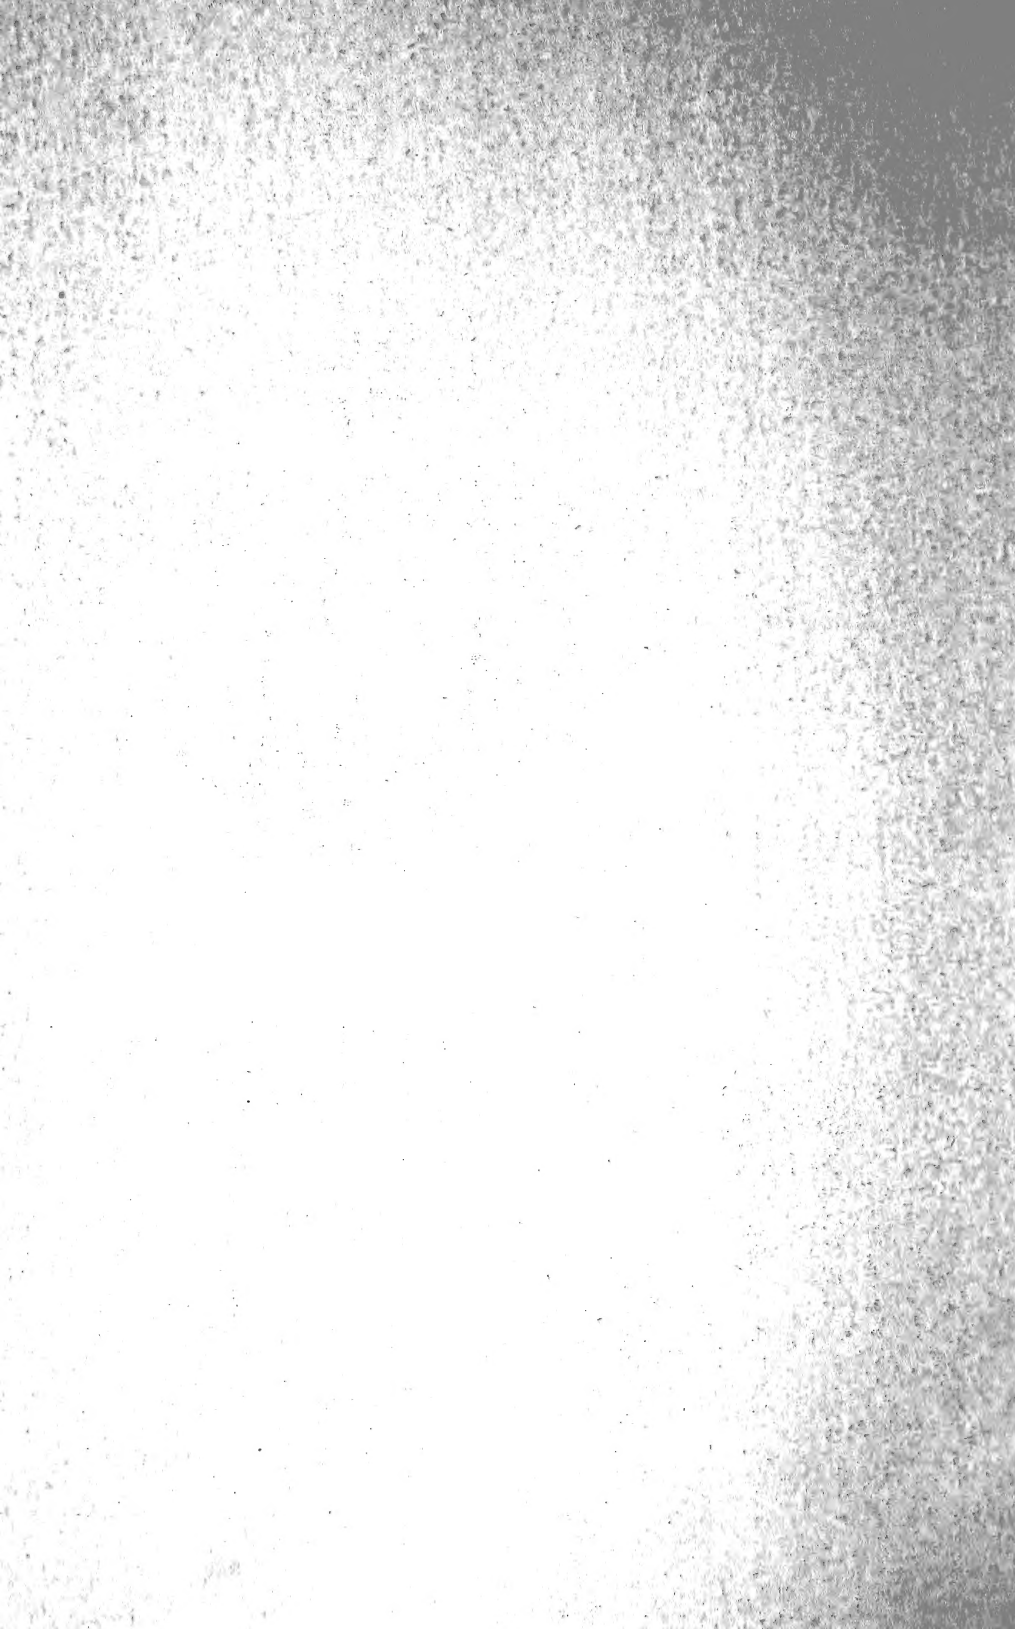

CASCADE DUKE (De Rooy)

A-SC-Red A very flashy deep red, this seedling of Blackbird has a heavy velvet finish over petals, with excellent texture and substance. Stems are very sturdy and correctly proportioned, with very dark green, leathery foliage. Keeping qualities are tops, and a basket or vase of Cascade Duke is a real winner and eyecatcher. Bush is medium height and outstanding in the garden. Size of bloom, 10" x 6"

Roots only \$6.00

LARGE DECORATIVE AND CACTUS VARIETIES

These all have good stems, some longer than others, but all strong enough to hold flowers well. The STC., IC., SC., are all good cutflowers. The smaller sizes in FD., and ID., cut well also. Extra large dahlias in FD., and ID., are usually grown for show and garden displays only.

ADVANCEMENT-STC B T-Rose-pink shading to creamy white. Split tips, curls like waterlily at night.....	75

THIS IS ONLY A PARTIAL LISTING OF OUR
TOTAL PLANTING. INQUIRIES ABOUT UNLISTED
STOCK WILL BE ACKNOWLEDGED.

CULTURAL DIRECTIONS WILL BE INCLUDED WITH
YOUR ORDER. LOOK FOR THEM.

BI-COLOR AND VARIEGATED VARIETIES

Almost all bi-color and variegated varieties
have tendency to throw sports, reverting
to solid color, usually darkest color. We
label those that are solid in our rows,
but can't guarantee that there won't be
some sports among those that are okay in
our rows the previous season.

GUARANTEE

Each root sent out is carefully inspected
for soundness and eyes. They are guaranteed
to be free of disease and to have one or
more live eyes or sprouts, and to be true
to name. In remote case of a variety being
untrue to name, a replacement will be made
the following spring. Some varieties are
slower to sprout than others so give them
a chance to sprout. No further obligation
than the amount paid is assumed under this
guarantee.

SPECIAL COLLECTIONS

THESE ARE OUR CHOICE. Each one labeled, helps take care of our spring surplus. Use letters to order.

- A. 10 large varieties-mixed FD., ID., SC., STC, and IC.....\$5.00
B. 10 Miniatures.....\$3.50
C. 10 Pompons.....\$2.50
D. Mixture--5 large, 5 miniatures, 5 pompons, 2 collarettes.....\$5.00
-

DISCOUNTS

Discounts either in roots of our selection or in cash to be deducted from the gross amount of the order are allowed as follows:

- Orders of over \$10.00-----15%
Orders of over \$20.00-----20%
Orders of over \$30.00-----25%

Discounts for retail orders only.

The discount may be deducted in sending remittance, or will be supplied by us in form of extra roots of our selection, in which case a better value is given than the amount listed.

WHOLESALE

Those marked NET are not open to wholesale discounts. Postage or express paid by buyer on wholesale orders. Send for wholesale list, giving license number in your state.

SUBSTITUTIONS

Stock of some varieties may not be equal to the demand, and to save time and writing we suggest the customer allow the privilege of substituting similar varieties when necessary. Extra value is always given in such cases.
